

FOREIGN LANGUAGES POLICY

Our school motto

Never settle for less than your best.

Our Vision

Following in the footsteps of Jesus, each member of our community will flourish as resilient, respectful and adaptable individuals prepared for life's journey. Along the way we will encourage and inspire each other to continue growing as beacons of light in our own lives and the wider world.

Our Mission

St George's Central seeks to provide quality education rooted in the Christian faith, serving the spiritual, moral and educational needs of the community of which it is part.

Introduction

This document is a statement of aims, principles and strategies for the teaching of languages at St. George's Central Church of England Primary School. It is the decision of the staff and governors to teach Foreign Languages alongside the attainment targets outlined in the 2014 National Curriculum document. These attainment targets will be met through weekly language lessons, supported by the schemes of work set out by the 'Early Start' materials. Short sessions outside of the weekly lesson will also take place wherever possible.

What is Foreign Languages teaching?

At St George's Central CE Primary School and Nursery, we believe that the learning of a foreign language provides a valuable educational, social and cultural experience for our pupils. It helps them to develop their ability to communicate, including key skills of speaking and listening and extends their knowledge of how language works. It provides excitement, enjoyment and challenge for children and teachers, helping to create enthusiastic learners and to develop positive attitudes to language learning throughout life. Learning another language gives children a new perspective on the world, encouraging them to understand their own cultures and those of others. The natural links between languages and other areas of the curriculum can enrich the overall teaching and learning experience.

All Key Stage 2 pupils are entitled to foreign language learning in school time. We recognise the value of this initiative and will provide age-appropriate Primary Languages learning opportunities for all children in Years 3 – 6. The focus language taught in our school is Spanish.

'Never settle for less than your best'

Jesus said, I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12

Aims

The aims and objectives of learning a foreign language in our School are to:

- Foster an interest in learning other languages;
- Introduce the children to another language in a way that is enjoyable and fun;
- Develop an appreciation of the diversity of languages;
- Add an international dimension to pupils' learning;
- Help children develop their awareness of cultural differences in other countries;
- Explore the cross-curricular links between languages and other subjects, especially Geography, Music and Art;
- Develop speaking and listening skills;
- Understand and communicate in a new language;
- Lay the foundations for future study.

Curriculum content and skills

St George's Central CE Primary School and Nursery, languages are taught in Key Stage 2 in a dedicated weekly 30 minute slot, although we also endeavour to integrate language learning into everyday school life, with teachers, teaching assistants and children using and experimenting with their knowledge of different languages whenever the opportunity arises. Teachers follow the 'Early Start' Spanish materials, which provides examples of speaking from native Spanish speakers. We foster a problem-solving approach, giving children opportunities to work out language use for themselves in a supportive context where risk-taking and creativity are encouraged, and there is an emphasis on having fun with the new language. ICT is used regularly to enhance teaching and learning.

There are three main contexts in which language teaching and learning take place:

Languages lessons – Although Primary Languages cuts across the curriculum, children are taught specific skills, concepts and vocabulary in a weekly dedicated lesson with the class teacher. During this time, the priority will be to ensure that all children are participating in the lesson by speaking and listening to the language.

Languages embedded into other lessons – Where appropriate, teachers give children opportunities to practice their foreign language in the context of lessons in other subject areas. For instance, some instructions may be given in another language; or children may count in another language while carrying out a numeracy activity. This acts to reinforce the vocabulary and structures they have learned.

'Incidental' language – Languages are part of the day to day life of the school. For example, greeting each other in the foreign language or teachers using the foreign language to give simple classroom instructions ('come in quietly'; 'listen'; 'look'), to ask questions ('who wants school dinner?'; 'what's today's date?') and to take the register. Children are encouraged to respond using the language they have learned, and sometimes teachers and pupils develop new language skills together, teachers acting as role models in the learning process. Although Spanish is our chosen focus language, opportunities for the learning of other languages may present themselves, particularly where children with EAL are concerned. In these cases, efforts may be made to learn basic words and phrases from the child's native language. This will encourage inclusion, as well as giving other children the opportunity to learn a different language.

This integrated approach is a strong model for teaching and learning, giving children opportunities to use and develop their language for communicating in stress-free real-life contexts.

'Never settle for less than your best'

Jesus said, I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12

Skills and processes in foreign languages

Speaking and listening

The children will learn to

- Listen carefully and recognise sounds and combinations of sounds which are similar to, or different from, those of English;
- Understand and respond with increasing competence, accuracy and confidence in a range of situations;
- Join in songs, rhymes, raps and stories which enable them to practice the sounds of the language in an enjoyable and non-threatening way;
- Take part in conversations at an appropriate level, reacting to instructions and questions and expressing opinions and feelings;
- Memorise and recite short texts, and prepare and give a talk on a familiar subject confidently and with regard to the audience.

Reading and writing

The children will learn to

- Remember grapheme-phoneme correspondences and vocabulary directly taught and reinforced through word games and similar activities;
- Read stories and rhymes for enjoyment and to gain awareness of the structure of the written language;
- Read, copy and write independently familiar words and simple phrases in context eg classroom items, display labels, weather chart, date;
- Write sentences and short texts independently and from memory.

Intercultural understanding

The children will learn to

- Describe the life of children in the countries where the language is spoken;
- Identify similarities and differences in everyday life, social conventions, traditional stories and celebrations;
- Recognise how symbols, products and objects can represent the culture of a country, and how aspects of the culture of different countries become incorporated in the daily life of others;
- Recognise and mistrust stereotypes, and understand and respect cultural diversity.

Computing

Pupils are given opportunities to apply and develop their ICT capacity through relevant language programs and through engagement with the 'Early Start' materials and other online resources.

Cross Curricular links

- Spanish links closely with Geography, with children learning about the country of Spain and other Spanish-speaking countries.
- Spanish can be linked to music, with children learning simple Spanish songs and rhymes as well as listening to traditional Spanish music.
- Spanish can be linked to art, by looking at famous Spanish artists and learning about their lives.
- The learning of languages will help to develop children's intercultural understanding, forming close links with PSHE.

'Never settle for less than your best'

Jesus said, I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12

Resources

- The 'Early Start' Spanish files are kept in the cupboard outside the Year 3 classroom. File 1 should be used by Lower Key Stage 2 and file 2 used by Upper Key Stage 2. A long-term plan will be available which will indicate which units should be covered and when. This is kept in a resource files, which every KS2 teacher has a copy of. This also contains a range of resource ideas that can be used alongside the teaching of any Early Start unit.
- Games, posters and bi-lingual reading books are kept in the storage cupboard outside the Y3 classroom.

Assessment, recording and reporting

- Children's learning is assessed during lessons by class teachers. Evidence of this can be collected through photographs and sound/video recordings of children conversing in Spanish. Any sound/video recordings should be saved onto the secure server in the 'Spanish' file.
- Written evidence of children's work in Spanish should be kept in folders in the classrooms.
- Individual teachers will keep a colour-coded record of children's attainment and progression, which will be updated each term. This will cover the age-appropriate objectives outlined in the National Curriculum.
- Appropriate progression and standards are also monitored during a block subject monitoring time by the Foreign Languages leader through pupil interviews, lesson observations and monitoring of planning.
- End of year reports keep parents/carers informed of their child's progress in languages.

Governors

The subject leader will encourage positive links to keep the governing body aware of all major issues related to Foreign Languages in the school.

Conclusion

St George's Central CE Primary School and Nursery we believe that it is our professional duty to share this policy with all new members of staff, parents and carers on request. The policy will be reviewed in the light of experiences, new developments or requirements. The leader will discuss any aspect of this policy on request.
